A motion was made by Ian Parkinson and seconded by Star Graber to approve the minutes from October 16, 2017. All in favor, motion carried.

III. Public Comment

No public comment.

IV. Program Update

- A. **MIOCR Strategy Committee**- The MIOCR is a three year funded project. Funding ended in 2017, the program will continue another year through 2018, but it will be without funding. Two BARs have been submitted, one through the jail and the other through general funds support. The funding will cover the two court screeners; one for MIOCR and the other for BHTCC. For the program's mental health screenings, the program achieved double their goal. The program received an award in November from COMIO, this is a state legislative award for promising practices.
- B. **BHTCC Workgroup BHTCC**- BHTCC federal grant is winding down and they are in the process of doing evaluations. The program admissions are at 85 percent, and it is anticipated the goal will be met. BHTCC program has been participating in many federal evaluations, including one called Concept Mapping. This is a web based evaluation system that provides feedback based on the participation in BHTCC. Out of 30 clients; 29 participants responded. A BAR has been submitted to general funds for the funding of this program through the Health Agency. The program will be funded through Medi-Cal.

Chief Salio suggested a meeting be set to discuss the sustainability of both programs. It was noted Star, will be taking the lead to set up a meeting to address the funding.

- C. **Update on Probation & Behavioral Health Jail Merge Data Set** - The next meeting will be February 1, 2018 at 3:00pm.
